

Trilliards™

The game that everyone can play

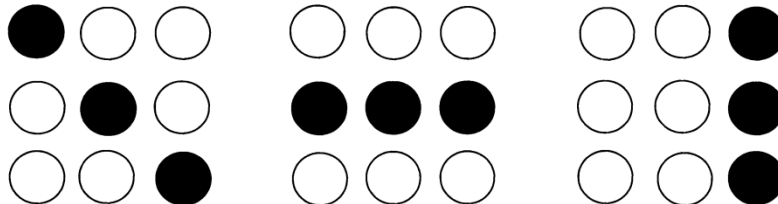

Before you start:

- 1) There are 6 balls of each colour
- 2) Decide which version of the game you want to play
- 3) Decide which player will play first
- 4) Balls which are potted in the holes will stay there until you release them at the end of the game
- 5) Play from anywhere behind the line at the front of the table

Game 1

Each player plays in turn, until one player completes a winning line of any 3 balls in a row

Examples of winning lines:

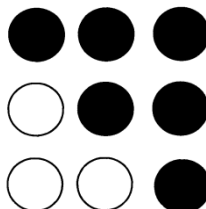

When each player has played 6 balls, bring all those not potted back to the area at the front of the table

Keep playing till one player has won, or until no-one can win

Game 2

Each player plays in turn until each player has scored as many lines as possible (remember both players can score winning lines with this game)

Maximum possible score for any player:

This scores 9 points for 3 lines of 3

The TRILLIARDS™ game equipment is protected by UK Patent No. GB2464694 B and its unique layout by EEC Design Registration Nos. 001828120-0001,-0002 and-0003
