

# Trilliards™ 4 x 4

The game that everyone can play

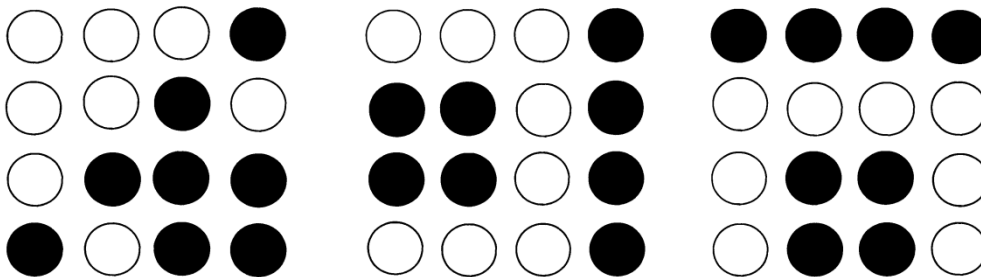

**Before you start:**

- 1) There are 8 balls of each colour
- 2) Decide which version of the game you want to play
- 3) Decide which player will play first
- 4) Balls which drop in the holes will stay there until you release them at the end of the game
- 5) Play from anywhere behind the line at the front of the table

## Game 1

Each player plays in turn, until one player completes a winning line of any 4 balls in a row, or any block of 4.

Examples of winning lines and blocks:

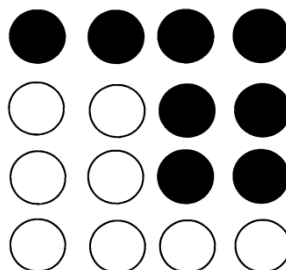

When each player has played 10 balls, bring all loose ones back to the area at the front of the table

Keep playing till one player has won, or until no-one can win

## Game 2

Each player plays in turn until each player has scored as many lines or blocks as possible (remember both players can score with this game)

Typical scoring possibilities for any player:

This scores 8 points for 2 blocks of 4, and 4 points for a line = 12 points

The TRILLIARDS™ game equipment is protected by UK Patent No. GB2464694 B and its unique layout by EEC Design Registration Nos. 001828120-0001,-0002 and-0003
